i. Takra with pippali and lavana is indicated for kaphodara.

ii. Takra with maricha and sharkara is indicated for pittodara.

iii. Takra with kana and lavana is indicated for vatodara.

A:-Only (ii)

B:-Only (ii and iii)

C:-Only (i and ii)

D:-All the above

Correct Answer:- Option-B

Question17:-RBC glutathione reductase activity stimulated by flavine adenine dinucleotide method is a bio chemical test related with nutritional survey of

A:-Riboflavin

B:-Thiamine

C:-Niacin

D:-Vitamin C

Correct Answer:- Option-A

Question18:-Which of the following statements is/are wrong ?

i. Appetite will be good in children with kwashiorkor.

ii. Children will be irritable and moaning in kwashiorkor.

iii. Plasma/Amino acid ratio will be elevated in kwashiorkor.

A:-Only (i)

B:-Only (i and ii)

C:-Only (i and iii)

D:-All the above

Correct Answer:- Option-A

Question19:-Which among the following groups contains qualities that are not listed under Dwadasha Ashana Pravichara ?

A:-Rooksha, ushna, snigdha

B:-Snigdha, sheeta, hridya

C:-Matraheena, ekakalika, shushka

D:-Dwikalika, oushadhayukta, drava

Correct Answer:- Option-B

Question20:-Which among the following is amla and pitta-kaphakara when not dried ?

A:-draksha

B:-parushaka

C:-karamarda

D:-All these

Correct Answer:- Option-D

Question21:-Active immunity is attained in all the following ways except

A:-After clinical infection

B:-After subclinical infection

C:-After taking immunoglobulin

D:-After taking a vaccine

Correct Answer:- Option-C

Question22:-Which of the following are instructed in the management of Janapadodhwamsa ?

- i. Panchakarma, Rasayana seva, dehasamsakarana
- ii. Satyam, bhutadaya, daanam, bali, pooja
- iii. Following bramacharya

- A:-Only (i)
B:-Only (i and ii)
C:-Only (ii and iii)
D:-All the above

Correct Answer:- Option-D

Question23:-Humoral immunity alone is not efficient in which of the following infections ?

- A:-Microbacterium leprae
B:-Salmonella typhi
C:-Microbacterium tuberculosis
D:-All the above

Correct Answer:- Option-D

Question24:-The human immunoglobulin system is composed of

- A:-IgA, IgD, IgE, IgG, IgM
B:-IgG, IgM, IgE, IgF, IgA
C:-IgG, IgM, IgR, IgA, IgM
D:-IgG, IgA, IgE, IgB, IgM

Correct Answer:- Option-A

Question25:-Which of the following statements is/are correct about Swarnaprashana as per Ashtangahridya ?

- i. hema, vacha, brahmi, kushta, haritaki should be given along with honey and ghee.
- ii. hema and amalaki should be given mixed with honey and ghee.
- iii. hema, amalaki and haridra should be given mixed with honey and ghee.

- A:-Only (i and ii)
B:-Only (ii and iii)
C:-Only (i and iii)
D:-All the above

Correct Answer:- Option-A

Question26:-Which among the following contains a drug that is not an ingredient of Narasimha rasayana ?

- A:-Shimshapa, asana, arushkara
B:-Gayatri, bala, shimshapa
C:-Bhallataka, khadira, asana
D:-Khadira, shimshapa, asana

Correct Answer:- Option-B

Question27:-A person who consumes 1 Pala krishna tila daily along with cold water as anupana will get which of the following benefit ?

- A:-strong sight
B:-strong teeth
C:-strong shoulders
D:-none of these

Correct Answer:- Option-B

Question28:-Prospective genetic counselling can be done as one among the preventive measures of which of the following diseases ?

- A:-Sickle cell anemia
B:-Thalassemia
C:-Both (1) and (2)
D:-None of these

Correct Answer:- Option-C
